REDEFINING CERAMIC TRADITION

Headquartes - CIVITA CASTELLANA (VT) - Italy
Showroom - MILANO - via Marsala 2 (BRERA)

aliceceramica.com

Alice Ceramica progetta il futuro del bagno con la precisione dell'industria, la sensibilità del design e le mani sapienti delle maestranze.

Fondata nel 1998 nel cuore del distretto ceramico di Civita Castellana (VT), l'azienda trasforma la materia in oggetti capaci di abitare lo spazio con coerenza, stile e personalità.

Alice Ceramica designs the future of the bathroom with industrial precision, design sensitivity, and the skilled hands of master craftsmen.

Founded in 1998 in the heart of the Civita Castellana ceramic district (VT), the company transforms raw material into objects that inhabit space with coherence, style, and personality.

Con uno sguardo aperto all'innovazione, ma radicati nella cultura manifatturiera italiana, continuiamo a esplorare nuove possibilità formali e funzionali per il bagno del domani.

With an open eye to innovation but deeply rooted in Italian craftsmanship culture, we continue to explore new formal and functional possibilities for the bathroom of tomorrow.

Crediamo nel valore del progetto come sintesi tra forma e funzione, estetica e tecnica, creatività e rigore produttivo.

We believe in the value of design as a synthesis of form and function, aesthetics and technology, creativity and production discipline.

MATERIA IN DIALOGO

MATERIAL IN DIALOGUE

In Alice Ceramica, la materia prende vita grazie a un equilibrio raffinato tra innovazione tecnologica e sapienza artigiana. Le macchine di ultima generazione assicurano precisione, efficienza e qualità costante, mentre le mani esperte delle maestranze imprime a ogni pezzo un carattere unico e distintivo. Questo dialogo continuo tra uomo e tecnologia genera prodotti che coniugano perfezione tecnica e valore umano, trasformando la ceramica in un linguaggio espressivo capace di arricchire lo spazio con autenticità e stile.

At Alice Ceramica, raw material comes to life through a refined balance between technological innovation and artisanal expertise. State-of-the-art machinery guarantees precision, efficiency, and consistent quality, while the skilled hands of our craftsmen impart a unique and distinctive character to each piece. This ongoing dialogue between man and technology produces items that combine technical perfection with human value, transforming ceramics into an expressive language that enriches space with authenticity and style.

Questo equilibrio tra innovazione tecnologica e sapienza artigiana è ciò che consente ad Alice Ceramica di trasformare la materia in soluzioni uniche, capaci di abitare lo spazio con stile e funzionalità.

This balance between technological innovation and artisanal expertise enables Alice Ceramica to transform raw materials into unique solutions, capable of inhabiting space with style and functionality.

IL VALORE DEL PROCESSO

THE VALUE OF PROCESS

Il processo produttivo di Alice Ceramica è un percorso in cui tecnologia avanzata e maestria artigiana dialogano continuamente. Si parte dalla modellazione del prototipo, realizzato in scala maggiorata e calibrata per anticipare le trasformazioni durante essiccazione e cottura. Dal prototipo si crea uno stampo originale in gesso, matrice per la produzione in serie. La rifinitura è eseguita sia a mano che con robot che riproducono i movimenti umani, garantendo superfici lisce e uniformi. Il manufatto passa in essiccazione forzata per eliminare l'umidità residua, preparandolo alla fase successiva. Dopo un accurato ispezione e collaudo, si procede alla verniciatura, anch'essa manuale o robotica, con applicazione di smalto antibatterico Aliglaze+ a spruzzo che assicura una superficie resistente e facile da pulire. La cottura in forno tunnel a 1250°C per 36 ore conferisce solidità e durabilità. Infine, un ultimo controllo manuale garantisce la qualità e la perfezione di ogni pezzo.

Alice Ceramica's production process is a continuous dialogue between advanced technology and artisan craftsmanship. It begins with the prototype modeling, created in an enlarged and calibrated scale to anticipate transformations during drying and firing. From the prototype, an original plaster mold is crafted, serving as the matrix for series production. The finishing is performed both manually and by robots that replicate human movements, ensuring smooth and uniform surfaces.

The piece undergoes forced drying to eliminate residual moisture, preparing it for the next phase. After thorough inspection and testing, the process continues with painting, also manual or robotic, applying the antibacterial Aliglaze+ enamel by spray for a durable and easy-to-clean surface. The firing takes place in a tunnel kiln at 1250°C for 36 hours, providing solidity and durability. Finally, a last manual inspection guarantees the quality and perfection of each piece.

STANDARD DI ECCELLENZA

STANDARDS OF EXCELLENCE

Alice Ceramica adotta un approccio trasparente e responsabile alla qualità, alla sostenibilità e alla sicurezza.

Il nostro sistema di gestione integrato è in costante evoluzione, per garantire prodotti affidabili, processi tracciabili e un impatto positivo sull’ambiente e sulla comunità.

L’impegno nel conseguire e aggiornare certificazioni riconosciute a livello internazionale riflette la volontà dell’azienda di alzare continuamente i propri standard. Tutte le certificazioni aggiornate sono disponibili sul nostro sito.

Our integrated management system is constantly evolving to ensure reliable products, traceable processes, and a positive impact on both the environment and the community.

The ongoing pursuit of internationally recognized certifications reflects our commitment to continuously raising our standards.

All up-to-date certifications are available on our website.

OLTRE LA FORMA

BEYOND THE FORM

Alice Ceramica è più di un prodotto: è una visione concreta del progetto contemporaneo. Un equilibrio costante tra industria e cultura del design, dove materia, tecnica e linguaggio estetico si fondono per dare forma a oggetti duraturi, funzionali e identitari. Continuiamo a immaginare nuovi modi di abitare il bagno, con lo stesso rigore, la stessa passione e la stessa tensione verso il futuro.

Alice Ceramica is more than a product: it's a concrete vision of contemporary design.
A constant balance between industry and design culture, where material, technique, and aesthetics converge to create enduring, functional, and meaningful objects.
We continue to envision new ways of shaping the bathroom, with the same rigour, the same passion, and the same forward-looking drive.

COLLEZIONI

COLLECTIONS

Nel cuore della materia prende forma un'estetica essenziale, dove la ceramica diventa espressione di equilibrio tra funzione e bellezza. Le collezioni proposte rappresentano un dialogo armonico tra proporzione, materia e luce, pensate per integrarsi con coerenza nei linguaggi dell'architettura contemporanea. Ogni elemento è concepito per abitare lo spazio con sobrietà e carattere, valorizzando la progettualità senza imporsi, in un continuo riferimento alla cultura del design e alla ricerca formale.

At the intersection of form and function, ceramic becomes a medium for refined expression, an essential presence within contemporary architectural language. The collections are defined by balance, materiality, and light, conceived to integrate seamlessly into a wide range of design contexts. Each piece is crafted to inhabit space with quiet strength, enhancing the project without dominating it, in constant dialogue with design culture and formal research.

IDILLA

Design Manuel Di Giacobbe

Alice presenta IDILLA, una collezione che celebra l'artigianalità e l'eccellenza del Made in Italy, fondendo volumi e forme in un dialogo tra passato e presente. Ispirata dal territorio d'origine, IDILLA reinterpreta la tradizione ceramica con uno sguardo contemporaneo, utilizzando bordi spessi e dettagli ricercati per offrire una nuova prospettiva sulla materia. Questa collezione non si limita a esplorare il passato, ma lo rinnova, riscoprendo l'heritage della ceramica con una visione contemporanea. Il risultato è una linea che incarna un ciclo di continua innovazione e rinascita, con un linguaggio estetico che attraversa il tempo e le mode.

Alice presents IDILLA, a collection that celebrates the craftsmanship and excellence of Made in Italy, merging volumes and forms in a dialogue between past and present. Inspired by its place of origin, IDILLA reinterprets ceramic tradition through a contemporary lens, using thick edges and refined details to offer a fresh perspective on the material. This collection goes beyond merely exploring the past; it renews it, rediscovering the heritage of ceramics with a modern vision. The result is a line that embodies a continuous cycle of innovation and rebirth, with an aesthetic language that transcends time and trends.

NUR

NUR rappresenta l’apice dell’ingegneria e del design sanitario made in Italy. L’inclinazione negativa del bordo rappresenta la nostra rinnovata attitudine ambiziosa insieme al designer Massimiliano Braconi. Una tecnica di lavorazione brevettata che permette la realizzazione di forme armoniose e ambiziose, in linea con lo spirito di Alice.

NUR represents the pinnacle of engineering and sanitary design made in Italy. The negative slope of the edge represents our renewed ambitious attitude together with the designer Massimiliano Braconi. A patented processing technique that allows the creation of harmonious and ambitious shapes, in line with the spirit of Alice.

LUNARIS

Design Manuel Di Giacobbe

Lunaris è una collezione di lavabi completati da una struttura in acciaio inox verniciato a polveri, che si declina nelle varianti con piano in ceramica o con cassetto laccato tono su tono con il lavabo. Il design dei lavabi si distingue per una vasca semicircolare inscritta in un morbido parallelepipedo dagli spigoli smussati. I generosi piani di appoggio arricchiscono l'estetica ricercata con la funzionalità quotidiana. La struttura si sviluppa sinuosamente con un gioco di curve e nodi facendo da contorno al lavabo con leggerezza e delicata armonia.

Lunaris is a collection of Washbasin complemented by a powder-coated stainless steel framework, available in variations with a ceramic countertop or a lacquered drawer matching the Washbasin. The design of the Washbasins stands out with a semicircular basin nestled within a soft parallelepiped with rounded edges. The generous support surfaces enhance the refined aesthetics with everyday functionality. The framework gracefully unfolds with a play of curves and nodes, delicately encompassing the Washbasin.

WUNDER

La dinamicità delle forme morbide ed avvolgenti si mescola alla concretezza della ceramica e restituisce un prodotto versatile, adattabile ad ogni stile ed esigenza. Le linee flat dei bordi superiori abbinano contemporaneità estetica ad una comprovata e ricercata funzionalità quotidiana.

The dynamism of the soft and enveloping shapes mixes with the concreteness of the ceramic and returns a versatile product, adaptable to every style and need. The flat lines of the upper edges combine aesthetic contemporaneity with a proven and refined daily functionality.

PLATEA

PLATEA è una collezione di lavabi che incanta con il suo stile elegante e offre una nuova dimensione di praticità.

Grazie al bordo che circonda delicatamente i lavabi, è possibile godere di una doppia profondità che rende l'esperienza d'uso straordinariamente confortevole, unendo in modo armonioso il piano e la vasca.

PLATEA is a collection of Washbasins that enchants with its elegant style and offers a new dimension of practicality.

Thanks to the edge that delicately surrounds the Washbasins, it is possible to enjoy a double depth that makes the user experience extraordinarily comfortable, harmoniously combining the countertop and the basin.

ARREDI

FURNITURE

Tutti gli arredi sono progettati e realizzati interamente in Italia, unendo design, qualità e artigianalità. Ogni prodotto nasce da un'attenta ricerca estetica e funzionale, con materiali selezionati e lavorazioni accurate, per garantire durata e stile contemporaneo. L'attenzione al dettaglio, il rispetto per le tradizioni e un controllo rigoroso in ogni fase, ci consentono di offrire soluzioni d'arredo che si integrano perfettamente nel total look Alice, valorizzando l'ambiente bagno con eleganza e personalità.

All furnishings are designed and manufactured entirely in Italy, combining design, quality, and craftsmanship. Each product is born from careful aesthetic and functional research, with selected materials and precise workmanship to ensure durability and contemporary style.

Attention to detail, respect for traditions, and strict quality control at every stage allow us to offer furnishing solutions that integrate perfectly into the Alice total look, enhancing the bathroom environment with elegance and personality.

VASCHE BATHTUBS

La scelta di introdurre il solid surface cristalplant® nella nostra gamma non è stata casuale, ma il risultato di un'attenta ricerca volta a offrire materiali che combinano estetica e funzionalità. Questo materiale, con il suo caratteristico effetto soft touch, si distingue per una bellezza che richiama la pietra naturale levigata, aggiungendo un tocco di eleganza contemporanea agli ambienti bagno. Il solid surface è composto da cariche minerali, principalmente triidratidi di alluminio, legate a resine naturali Biobased®, ottenute da coltivazioni di mais provenienti da fonti controllate. Questo lo rende un materiale non solo performante, ma anche allineato con i valori di sostenibilità che guidano le nostre scelte. Le sue proprietà intrinseche lo rendono straordinariamente versatile: è igienico, piacevole al tatto, resistente e facilmente lavorabile, consentendo la realizzazione di forme complesse e personalizzate. Le formulazioni esclusive di questo materiale, garantiscono prodotti che rispondono alle esigenze dei progettisti e degli utenti finali, offrendo un equilibrio perfetto tra innovazione tecnologica e raffinatezza estetica.

The decision to introduce solid surface cristalplant® into our range was not made lightly, but is the result of careful research aimed at offering materials that combine aesthetics and functionality. This material, with its characteristic soft-touch effect, stands out for its beauty reminiscent of polished natural stone, adding a touch of contemporary elegance to bathroom spaces. Solid surface is composed of mineral fillers, primarily aluminum trihydrate, bonded with Biobased® natural resins derived from controlled corn cultivation. This makes it not only a high-performance material but also one aligned with the sustainability values that guide our choices. Its intrinsic properties make it extraordinarily versatile: it is hygienic, pleasant to the touch, durable, and easily workable, allowing for the creation of complex and customized shapes. The exclusive formulations of this material ensure products that meet the needs of designers and end users, offering a perfect balance between technological innovation and aesthetic refinement.

PIATTI DOCCIA

SHOWER TRAYS

Due materiali per tre modelli di piatti doccia: FORM in ceramica, KATAI e VELOUR in castle marble.

La funzionalità e la resistenza della ceramica unite alle nuove tecnologie ci permettono di produrre piatti doccia da soli 3cm di spessore, disponibili in tutti i colori Alice e anche in bianco materico.

Il cast marble è un materiale innovativo che unisce l'estetica della pietra naturale ai benefici della tecnologia moderna. Composto da dolomite, resine e PET riciclato, è una scelta sostenibile che garantisce qualità e prestazioni elevate. Protetto da un rivestimento in gel coat, offre una superficie liscia, resistente e di facile manutenzione.

I piatti doccia in cast marble sono disponibili in due finiture: Velour, opaca e vellutata per un tocco sofisticato, e Katai, con una texture che richiama la pietra naturale.

Two materials for three shower tray models: FORM in ceramic, KATAI and VELOUR in Castle Marble.

The functionality and resistance of ceramic combined with new technologies allow us to produce shower trays with a thickness of only 3cm, available in all Alice colours and also in materic white.

Cast marble is an innovative material that combines the aesthetics of natural stone with the benefits of modern technology. Made from dolomite, resins, and recycled PET, it is a sustainable choice that ensures high quality and performance. Protected by a gel coat finish, it offers a smooth, durable, and easy-to-maintain surface. Cast marble shower trays are available in two finishes: Velour, with a matte, velvety texture for a sophisticated touch, and Katai, featuring a texture that evokes the look of natural stone.

INOX

Purezza del materiale, cura del dettaglio e attenzione all'ambiente definiscono la collezione di rubinetteria in acciaio inox AISI316L di Alice Ceramica. L'acciaio, scelto per la sua straordinaria resistenza alla corrosione e per le sue proprietà igieniche, garantisce prestazioni elevate e durature, anche negli ambienti più esposti all'umidità.

Riciclabile al 100%, l'AISI316L è una scelta responsabile che coniuga estetica e sostenibilità. Una materia prima nobile, che riflette l'impegno di Alice Ceramica verso un design consapevole e contemporaneo.

La collezione è disponibile anche nelle eleganti finiture PVD in nero, oro e oro rosa, ottenute con tecnologie avanzate che ne esaltano la bellezza e ne aumentano la resistenza.

The purity of the material, attention to detail, and environmental awareness define the AISI316L stainless steel tapware collection by Alice Ceramica. Selected for its exceptional resistance to corrosion and hygienic properties, this steel ensures high performance and long-lasting durability, even in the most humid environments.

100% recyclable, AISI316L is a responsible choice that combines aesthetics with sustainability. A noble raw material that reflects Alice Ceramica's commitment to conscious, contemporary design.

The collection is also available in elegant PVD finishes in black, gold and rose gold, achieved through advanced technology that enhances both beauty and durability.
